Commandment
from the Founder

We are building our Institute as an ideal family, the RKG PARIWAR, where members strive for the development, well being and promotion of each other.

From the Desk of Editor-in-Chief...

The year 2015 is earmarked as the year of knowledge. It is the era of "Digital India". The administrators are changing in the government, Government is changed, the policies are changing. Yet the teaching fraternity is in a very slow pace to adapt to the change. This may be due to our hard mind set and attitude. I think it is high time for each one of us to open for transformation with positive attitude. I wish you best of luck in all your endurance of life.

Prof D R Somashekar
Director, RKGITW

From the Desk of Editor-in-Chief...

Every end is just a new beginning. On the road to success, the rule is, always look to ahead. May you reach your destination. May your journey be wonderful. Keep your spirits and determination unshaken and you shall always walk the glory road. Don't be satisfied with incremental growth, achieve breakthrough landmarks, do miracles. With courage, faith and efforts you shall conquer everything you desire. Wishing you a life that is filled with all the fragrance of roses, illuminated with all the lights of the world, and be blessed with all the smiles on the planet. Hope the joyful spirit keeps glows in & around RKG Privar forever!

Dr Ashish Soti,
Director, RKGEC

From the Desk of Editor-in-Chief...

The start of any new thing signifies a new beginning filled with vibrant colors of happiness and greater tasks to accomplish. Years passed were filled with mixed feelings, some were very pleasant and some a bit bitter, however as every coin has two sides, same is the case with it. Pleasant memories brought a smile on our faces, on the other hand bitter memories enriched our experience and increased our maturity and tolerance. This is the time to reminisce and take pride in the inspiring and eventful voyage of our Institute. Since its inception to the present time of accomplishment. Let us all pledge to devote ourselves fully to the noble profession and contribute our part in the upliftment and betterment of our society. Let us open up for new ideas and work together with passion. With this note, I wish all a productive, fruitful and promising journey ahead.

Dr Rakesh Goel
Director, RKGITW

Let new India arise out of peasants cottage, grasping the plough, out of huts, cobbler and sweeper

ANAGRAM

An anagram is the result of rearranging the letters of a word or phrase to produce a new word or phrase, using all the original letters exactly once. The original word or phrase is known as the subject of the anagram. Someone who creates anagrams may be called an "anagrammatist".

Anagramming is used in various applications apart from fun, for example, psychologists use anagram-oriented tests, often called "anagram solution tasks", to assess the implicit memory of young adults and adults alike. If you google 'anagram' it returns a really interesting "did you mean?!" Various examples of anagrams include:

Listen-Silent
Army-Mary
Slot machines-Lost cash in 'em
Eleven plus two-Twelve plus on

Famous usage:
> Homer Hickam, Jr.'s book Rocket Boys was adapted into the 1999 film October Sky.
> Shakespeare's Hamlet is an anagram for the Danish Prince Amlet.

Try anagramming your name, you might get something.

It's a new year,
But what is so new?
You still can't question the powerful.
It's a new year,
But what is so new?
We are still racist in our little minds.
It's a new year,
But what is so new?
People still fight over faith.
It's a new year,
But what is so new?
Feminism is still better than equalism.
It's a new year,
And this could be true!
People might not be harassed for their views.
It's a new year,
And this could be true!
We might be safe till late on the road.
It's a new year,
And this could be true!
Poor might have rights and a stronger voice.
It's a new year,
And this could be true!
You and I might rise over our faiths.

articulating the objectives for their course, and explored tools appropriate for some pedagogical goals of engineering courses. Participants learned effective strategies for teaching with these tools. The training programme gave participants several opportunities to apply these strategies to design materials and activities for their courses. Members of faculty from different colleges participated in this programme. The Course co-ordinators of this programme were Prof Sahana Murthy and Prof Sridhar Iyer and the Project co-ordinator of this workshop was Prof D B Pathak, IIT Bombay. This programme was co-ordinated by Dr Nitin Pratap Singh, AP, Dept. of Applied Sciences.

**Seminar on Waste Management in Built Environment**

Indian Buildings Congress and Raj Kumar Goel Institute of Technology for Women organized a Two day Mid Term Session and Seminar on “Waste Management in Built Environment” on 12 and 13 December 2014. Chief Guest, Mr Teluram Kamboj, Mayor Ghaziabad and Guest of Honour, Mr Avadesh Goyal, Joint Manager, Director, Earth Infrastructure were the center of attraction. Shri Dinesh Kumar Goel Chairman, R K G Group of Institutions heartily welcomed the guests and delegates. President of Indian Buildings Congress Dr Bakshi imparted the importance of Waste Management by informing that report of this management programme will be submitted to Mr Teluram within 45 days for betterment of society of Ghaziabad. Chief Guest, Mr Teluram Kamboj also congratulated the officers of Indian Buildings Congress and assured them with their full support. He also suggested that vigilance among the folk is very important. Inauguration Ceremony was witnessed by Mr Avadesh Goyal, Dr Laxman Prasad, Director R&D, RKGGI, Dr Rakesh Goel, Director, and Mr Vipul Goel and more than 150 Participants who presented their research papers. The valedictory session witnessed the energetic presence of UPTU Vice-Chancellor, Prof R K Khandal who motivated everyone and assured that members of faculty and students of Civil and Mechanical branch would be the member of Indian Buildings Congress in near future. Above all, this seminar unravelled many methods of Waste Management.

**Corner**

- Dr Ruchi Nager has been awarded PhD in Mathematics on “A Study of Weighted Non-symmetric Measures of Divergences and Their Bounds” with CCS University, Meerut, under the supervision of Dr K N Arora.

- Dr Sohel Aziz has been awarded Ph D in English literature on "Patterns of Struggle and the Silent Victimization of Self-A Study of the Plays of Harold Pinter" with Aligarh Muslim University, Aligarh, under the supervision of Prof Dr SN Zeba.

- A paper on the topic "Multimegagauss Magnetic Field Generation by Amplitude Modulated Surface Plasma Wave Over a Rippled Metal Surface has been published in International Journal of Optical Letters, Vol.40, No.2 January 2015" by Dr Pawan Kumar, Assistant Professor, Department of Physics, AS&H. He was congratulated for the publication and being the sole author of the paper.

RAJ KUMAR GOEL INSTITUTE OF TECHNOLOGY(MBA)

Laurel of MBA

It gives a feeling of great pride that Priyanka Khurana student of RKGIT MBA Batch 2012-2014 secured 19th position in MBA-2014 in UPTU by securing 77.68% marks.

Guest Lecture on “Understanding Human Innate Potential- A Scientific Approach”

RKGIT in association with Ghaziabad Management Association organized a guest lecture on “Understanding Human Innate Potential- A Scientific Approach” at RKGIT campus on 19 December 2014. The key speaker was Dr Surendra Nischal, a renowned Psychotherapist, Counselor, Trainee and Research Mentor. The session witnessed the gracious presence of Shri V K Dubey, Managing Director, Continental Carbon India Ltd. and dignitaries from many Institutes of the city. This interactive session focused on scientific approach in analyzing the potential, qualities and capabilities within one self. The session highlighted that how can we scientifically understand our gifted specialties, abilities, inner personal complexities, improvement areas, learning capacity of brain, multiple intelligence, work management styles, suitable career for life and much more. The session made the audience respond with a number of curious questions that put forward demand to organize such session again in future.

Nishi Pathak, Co-ordinator, News&Views, RKGIT MBA

RAJ KUMAR GOEL INSTITUTE OF TECHNOLOGY(COPS)

College of Pharmaceutical Sciences celebrated World Cancer Day with the theme “Not beyond us” on 04 February 2015. COPS organized poster presentation on this occasion. Students of B Pharm and MBA participated enthusiastically in poster presentation. Dr D R Somashekar, Director, RKGIT, Dr S C Gupta, Director Academics and Dr Monika Sachdeva, Principal Pharmacy appreciated and motivated the students.

Munendra Mohan Varshney, Co-ordinator News & Views, COPS, RKGIT

RAJ KUMAR GOEL INSTITUTE OF TECHNOLOGY FOR WOMEN

Two - Week ISTE Short Term Training Programme (STTP) on Pedagogy for Effective use of ICT In Engineering Education

Raj Kumar Goel Institute of Technology for Women Ghaziabad is the Remote center of IIT Bombay and IIT Kharagpur, as part of the MHRD programme, “National Mission on Education through ICT (NMEICT)”. Under this programme, IIT Bombay organized a Two-Week ISTE Short Term Training Programme (STTP) on “Pedagogy For Effective Use of ICT In Engineering Education” from 05 – 07 January and 19 - 21 January 2015 at the Institute.

This programme was conducted through the distance education mode using A-View software at RKGITW. Programme focused on the pedagogical strategies effective while using ICT tools in a given teaching-learning situation. In this training programme, participants began by
